Sir:

COMMUNICATION TO CORRECT ERROR IN FILING RECEIPT

This Communication is submitted after the mailing of a Notice of Allowance and concurrently with the payment of the issue fee in connection with the above-identified application. The issue fee is due February 13, 2008 and is being paid concurrently herewith. Accordingly, this Communication is being timely filed.

This Communication is filed to request the issuance of a corrected Filing Receipt in connection with the above-identified application. Upon receipt of the official Filing Receipt for the subject application, a copy of which is attached hereto as **Exhibit A**, applicants' undersigned attorney noticed an error.

Specifically, the Domestic Priority data and the Foreign Applications information are listed incorrectly.

A corrected filing receipt should read as follows:

--Domestic Priority data as claimed by applicant

**This application is a CIP of 10/443,694 5/21/2003**

which is a CON of 08/705,477 08/29/1996 PAT 6,569,432

UNITED STATES OF AMERICA **PCT/US96/02424 02/23/1996-**

Applicants contend that the data may be found in the Declaration and Power of Attorney, filed on July 9, 2003 in connection with the subject application and on page 2 of the Supplemental Preliminary Amendment filed on October 31, 2003. A copy of the Declaration and Power of Attorney is attached hereto as **Exhibit B** and a copy of the Supplemental Preliminary Amendment is attached hereto as **Exhibit C**. Accordingly, applicants request that a corrected Filing Receipt be issued.

Applicants are concurrently filing an Amendment Pursuant to 37 CFR 1.312 to correct an inadvertent error in the serial number of the parent application which reads U.S. Serial No. 10/433,694 and should read 10/443,694. A copy of the Amendment Pursuant to 37 CFR 1.312 is attached hereto as **Exhibit D**. As specified in the Amendment, the parent application U.S. Serial No. 10/443,694 was inadvertently referred to as 10/433,694, and the 1.312 Amendment is being filed to correct this error. Applicants note that U.S.S.N. 10/443,694 names inventors in common with the subject application and has subject matter in common. In addition, PAIR indicates that U.S.S.N. 10/443,694 was filed on May 21, 2003, i.e. the same date as specified in the priority paragraph for the filing date of the parent application. Applicants further note that, in contrast, U.S.S.N. 10/433,694 does not name any inventors in common with the subject application nor does it have subject matter in common. In addition, PAIR indicates that U.S.S.N. 10/433,694 was not filed on May 21, 2003. Clearly, the subject application is a continuation-in-part of U.S.S.N. 10/443,694 and not U.S.S.N. 10/433,694.

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
